EDUCATION

- **University of North Carolina at Chapel Hill**

PhD in Statistics, Department of Statistics and Operations Research

Chapel Hill, U.S.

Aug 2026 – Present

- **Renmin University of China**

Major: Statistics, Bachelor of Science, School of Statistics

Beijing, China

Sep 2022 – Jul 2026

GPA: **3.78/4.00**

Core Coursework: Mathematical Analysis I II III, Advanced Algebra I II, Real Analysis, Complex Analysis, Probability Theory, Mathematical Statistics, Statistical Computing, Stochastic Processes, Multivariate Statistics, Experimental Design, Time Series, Regression Analysis, Non-parametric Statistics, Bayesian Statistics, Optimization Methods, Large Sample Theory, Deep Learning, Sampling Techniques, Statistical Software (R Programming), Artificial Intelligence and Python Programming

- **University of California, Berkeley**

Visiting Student

Berkeley, U.S.

Aug 2024 – Dec 2024

GPA: **4.00/4.00**

Core Coursework: Modern Statistical Prediction and Machine Learning, Introduction to Artificial Intelligence, Functional Analysis

PREPRINTS AND MANUSCRIPTS

- Shuoxun Xu*, **Zhanhao Yan***, and Lexin Li. “Statistical Learning for Latent Embedding Alignment with Application to Brain Encoding and Decoding.” (*equal contribution) [\[arXiv\]](#)
- Kai Chen, **Zhanhao Yan**, and Yuqian Zhang. “On the Role of Surrogates in Semi-Supervised Linear Regression.” Manuscript available upon request.
- **Zhanhao Yan**, Lexin Li and Zhengwu Zhang. “Interpretable Generative Modeling of Brain Structural Connectivity via Functional Point Processes.” Manuscript available upon request.

AWARDS

- First Prize, Outstanding Undergraduate Thesis Award (Top 2%), Renmin University of China Jun. 2026
- Outstanding Graduate, Renmin University of China Jun. 2026
- Academic Scholarship, Renmin University of China 2022–2024
- Second Prize, Beijing Municipal Round of the CUMCM, Beijing Mathematical Society 2023
- Third Prize, 15th National Mathematics Competition, Non-Mathematics Category A (Beijing Region) 2023

SKILLS

Languages	Mandarin (native), English (fluent; TOEFL 112: R30, L30, S23, W29), Cantonese (intermediate)
Test Scores	GRE 325 (Verbal 155, Quantitative 170, Analytical Writing 3.5)
Programming	Python (PyTorch), R, MATLAB, C/C++, $\LaTeX$, Markdown
Interests	Classical piano, with a particular interest in Chopin; photography; hiking
